Subject: EU Cohesion Policy project examples

I would like to congratulate you for being awarded funding from the European Union. Your project has been selected because it contributes towards the objectives of the EU's Cohesion Policy.

In order to explain the impact and results of Cohesion Policy, the European Commission maintains a database of exemplary projects. Your project has been recommended to us as an example of good practice, and we would like to promote it via our database (http://ec.europa.eu/regional_policy/projects/stories/index_en.cfm).

The published articles are then often used to demonstrate regional/local good practices by our Commissioner and Director General when on mission. They are also shared with relevant stakeholders, journalists and interested DGs.

We would be grateful if you could provide some information to the person from our communications agency, ESN, who will write the description of your project.

Yours faithfully,

Agnès MONFRET
